

Professor Gita Ramjee, PhD., FRCP
**Director – HIV Prevention Research Unit at the South African Medical
Research Council (SAMRC)**

Professor Gita Ramjee is a world renowned scientist specializing in HIV prevention and treatment research with integrated care programmes among women and men in communities around the greater Durban area in South Africa.

Her expertise as a world class HIV researcher and an expert in HIV prevention among women has been recognized both locally and internationally.

Gita Ramjee is a Chief Specialist Scientist and Director of the South African Medical Research Council's HIV Prevention Research Unit.

She has been acknowledged internationally for her expertise in the field of microbicide research. She holds an Honorary Professorship from the London School of Hygiene and Tropical Medicine, London, UK; has been presented with a Lifetime Achievement Award for HIV Prevention in 2012 and is also a recipient of several local and International awards.

Gita Ramjee has published more than 160 research articles and is a member of several local and international committees and advisory groups. She is a Fellow of the Royal Society of Medicine and a Fellow of the Royal College of Physicians. She is a reviewer and editor of several scientific journals.

Professor Ramjee has contributed substantially to advancing HIV prevention science and is considered a critical player in the field of HIV prevention clinical research.
